Subject: FCC Class III Permissive change for FCC ID: QWP-50450I

Applicant: Cambium Networks Ltd

Dear Examiner,

This is to request a Class III permissive change for FCC ID: QWP-50450I.

The change filed under this application is:

The addition of Part 15E UNII-1, operating in the 5150 – 5250 MHz band, to the original SDR application which covered compliance with Part 15C and Part 90Y.

Cambium Networks confirm that the same hardware revision of RF unit has been used in both the original submission and in this permissive change request.

Software versions approved in the Original QWP-50450I Grant and this Class III Permissive change are listed below.

Software Version declared in the original Part 15.247 submission: -

- B135-PXP455-PRODTEST-2015FEB27

Software Version declared in the original Part 90Y submission: -

- B144-PXP455-PRODTEST-2015MAR13

Software Version declared in this Part 15E UNII-1 Class III submission: -

- B176-PXP455-PRODTEST-2015MAR13

We further state that there has been no change to the original Software, Distribution and Security Documentation to support this submission. As per the requirements of KDB 447812 §IV an additional U-NII Security Guide (Response to KDB 594280 D02) document has been supplied to support the addition of the Part 15E UNII-1 band.

Sincerely yours,

A handwritten signature in black ink that reads "Donald W Reid".
