Model Name: AP410e

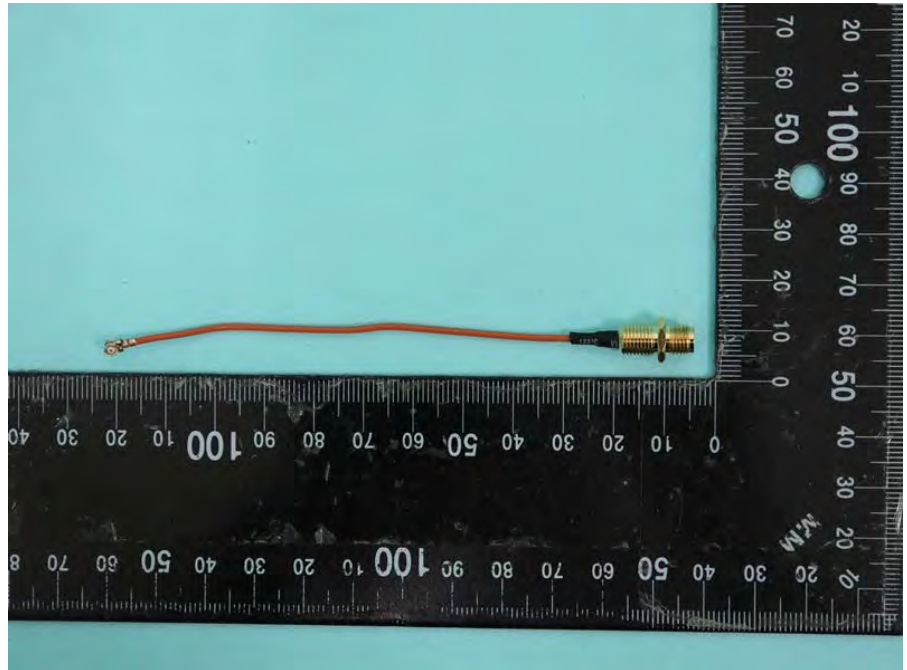

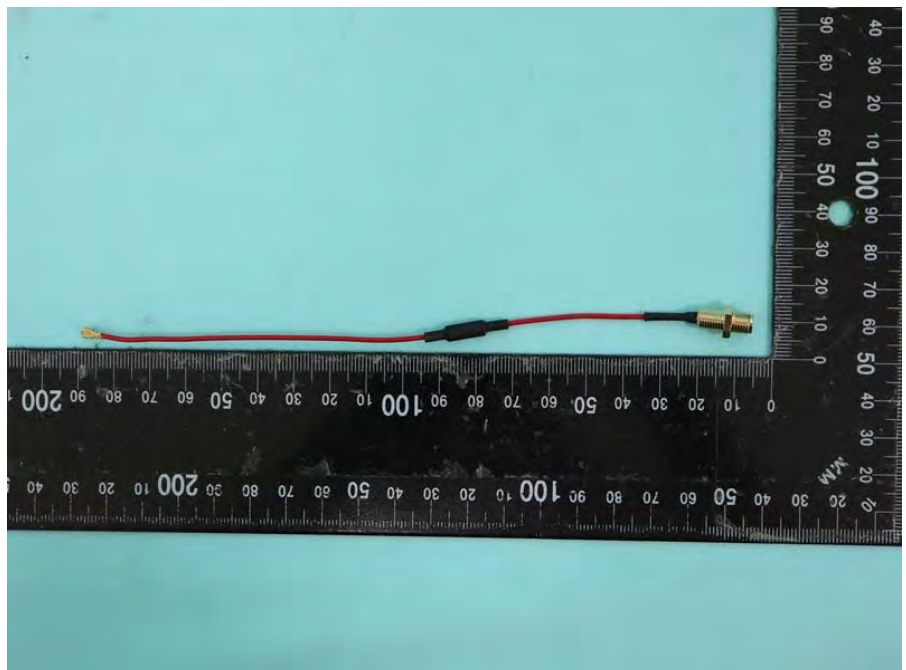

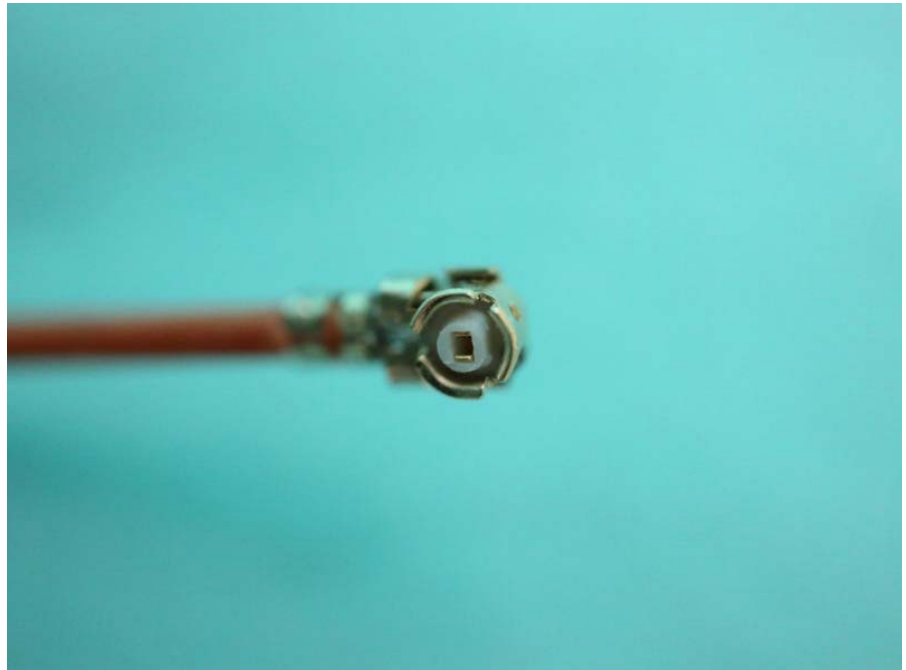

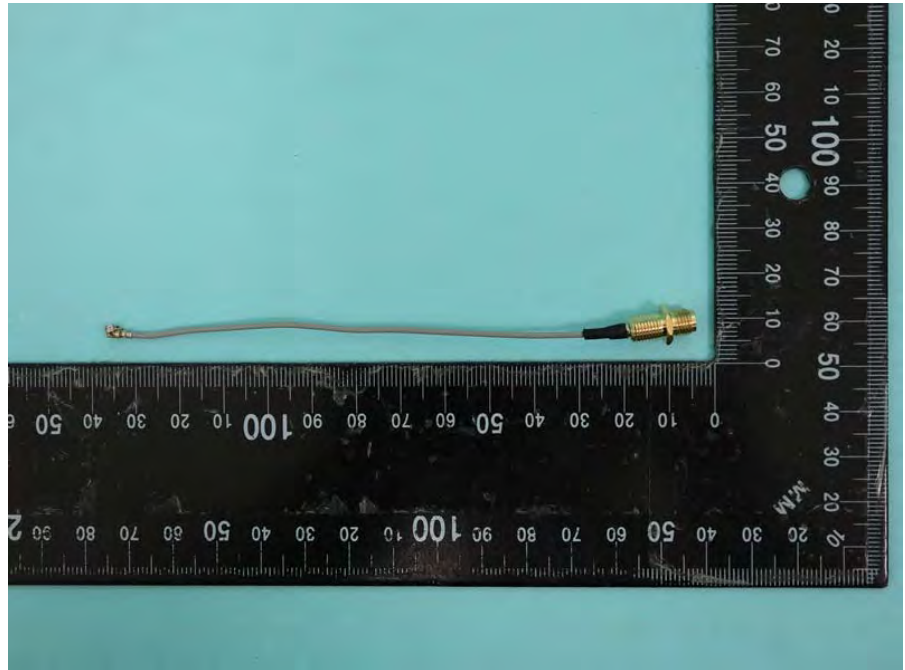

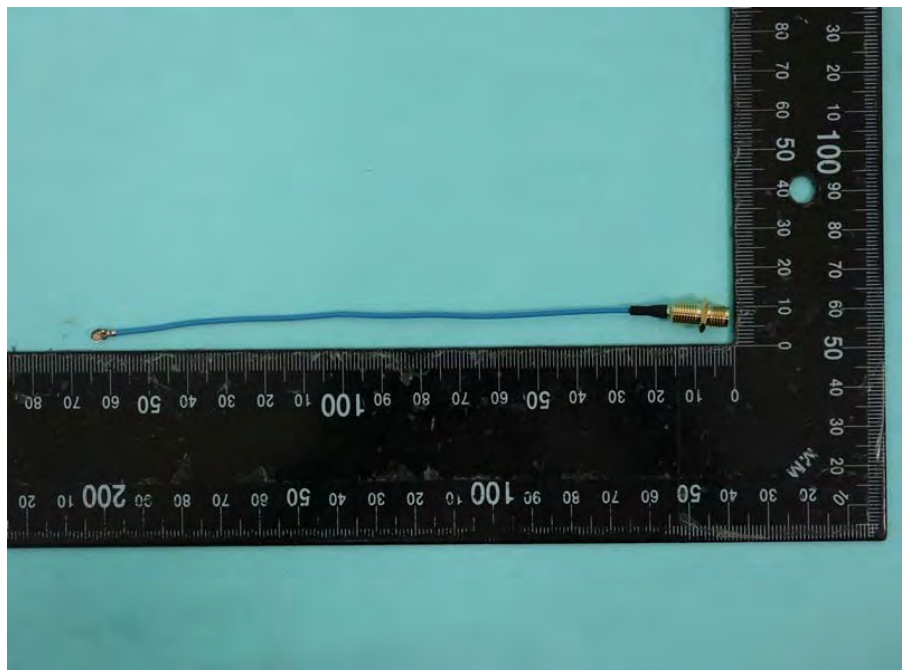

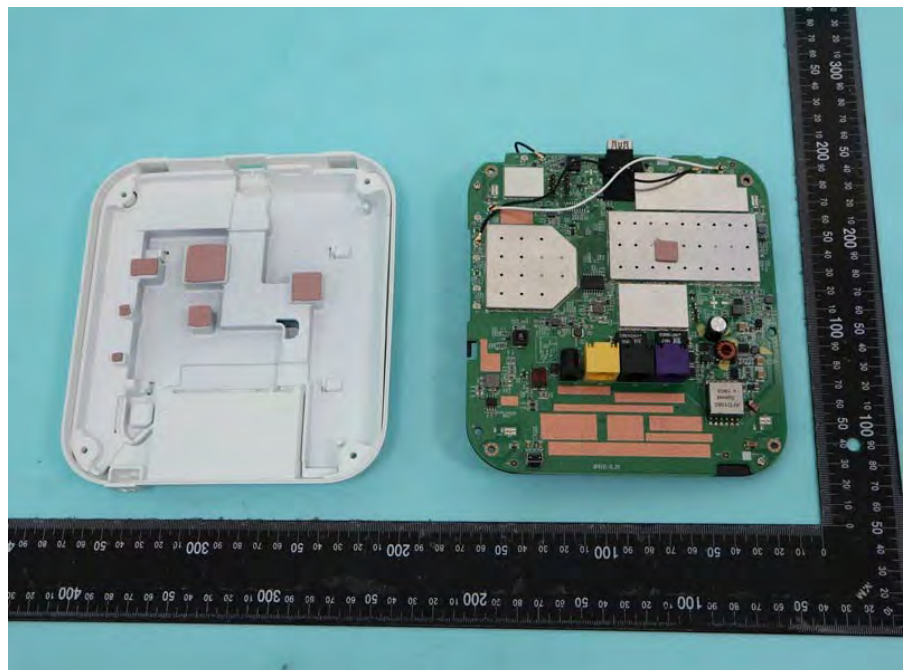

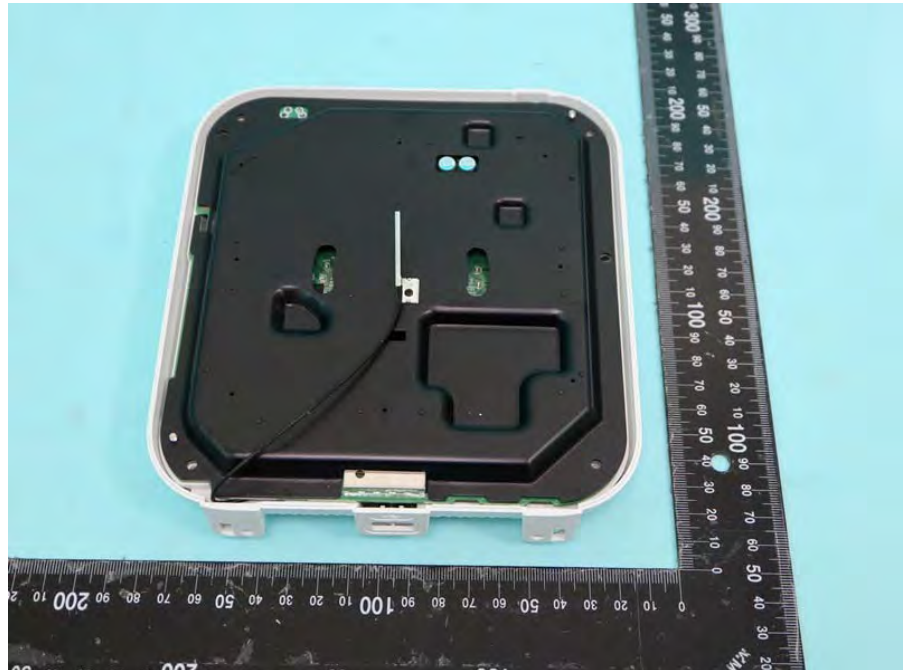

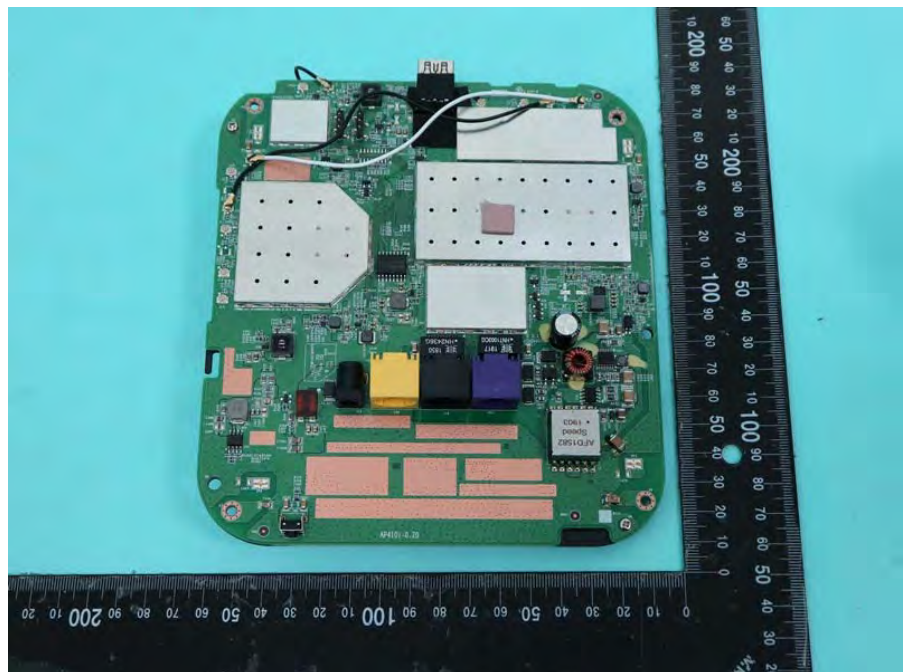

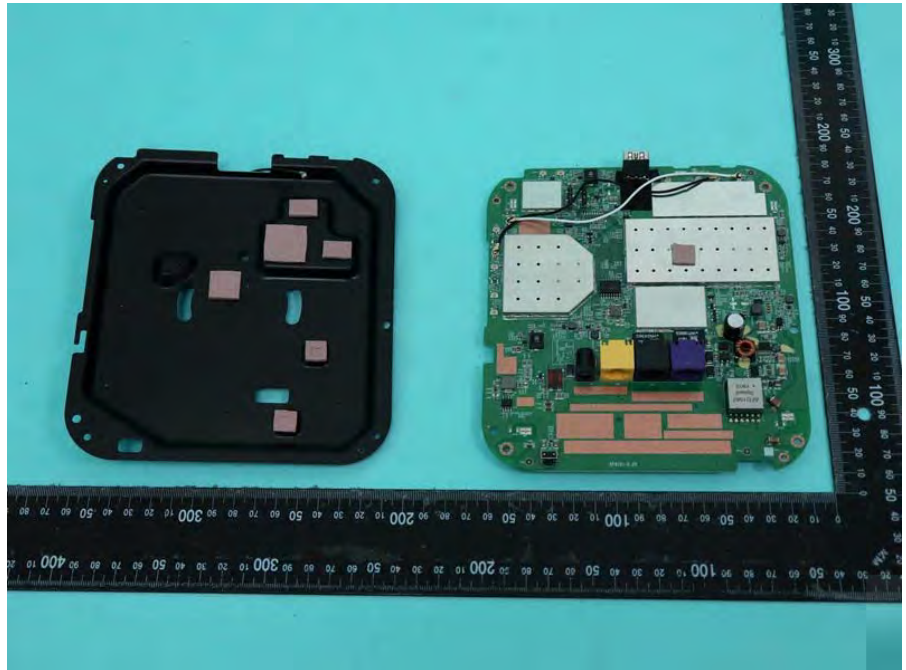

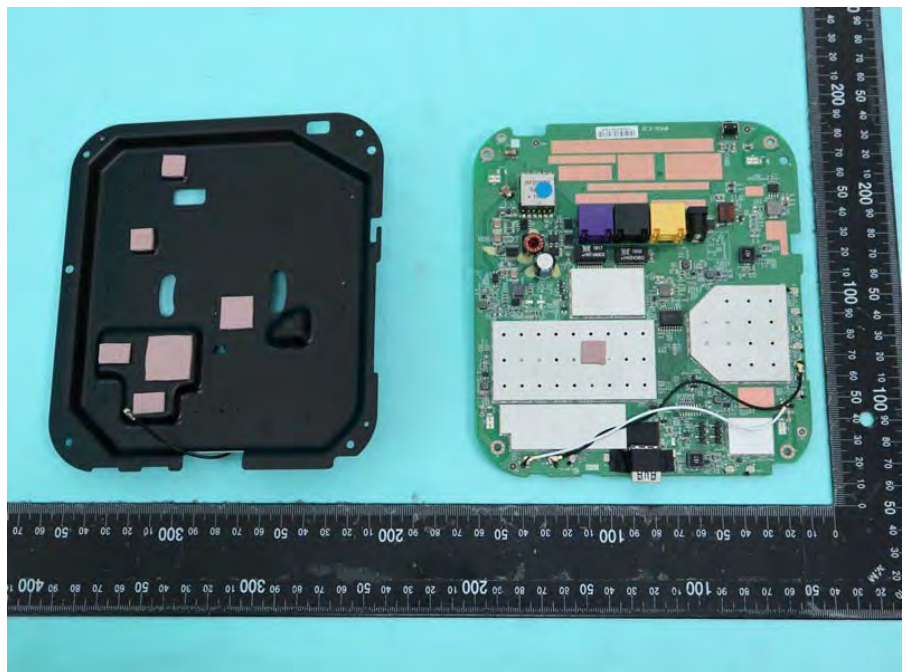

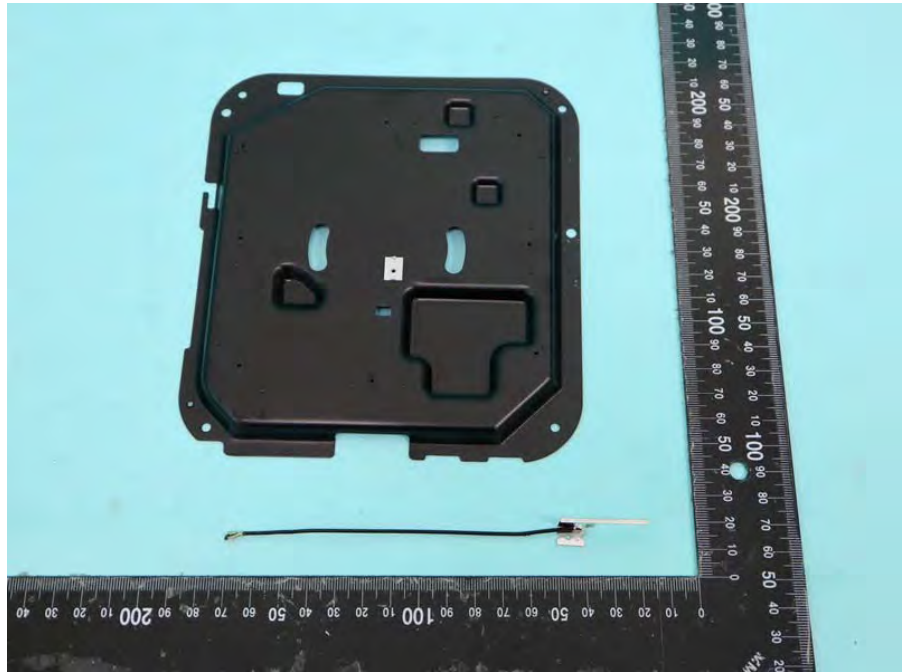

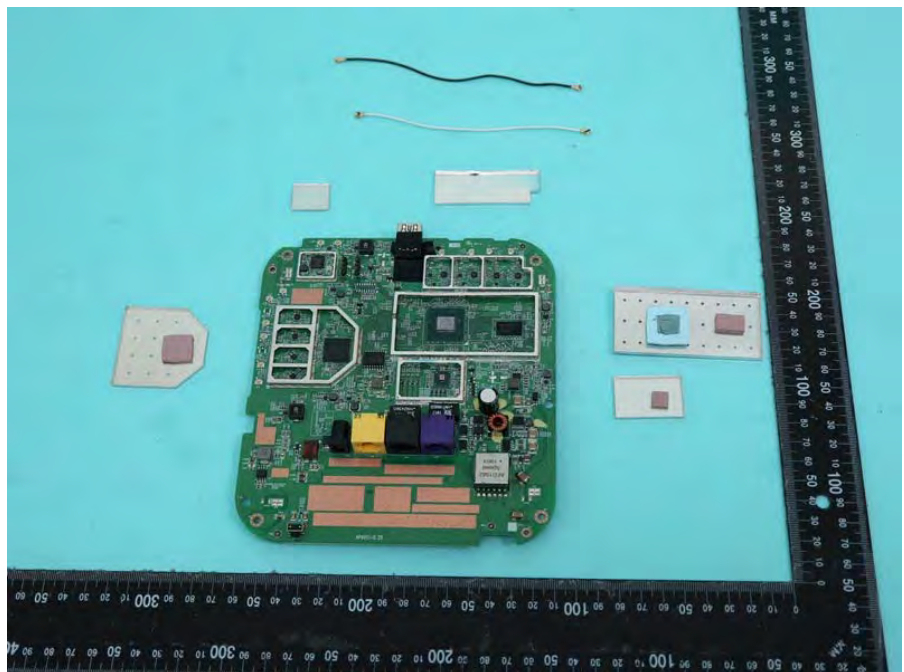

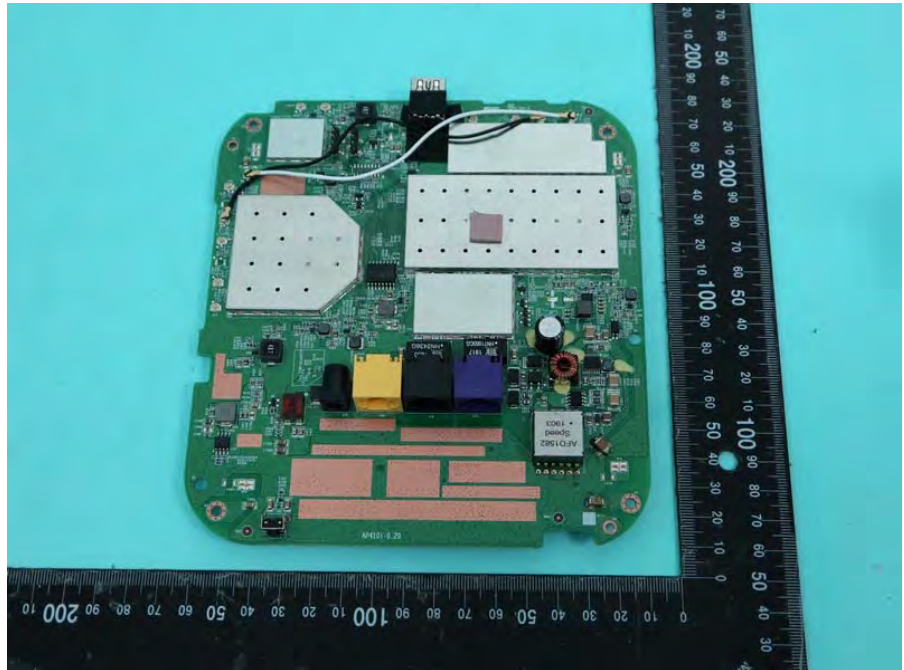

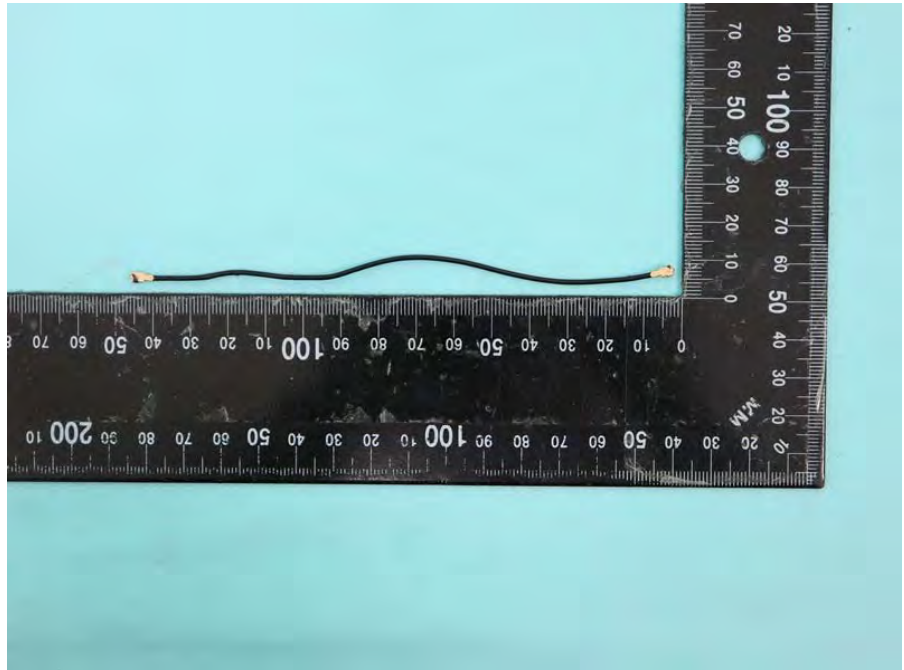

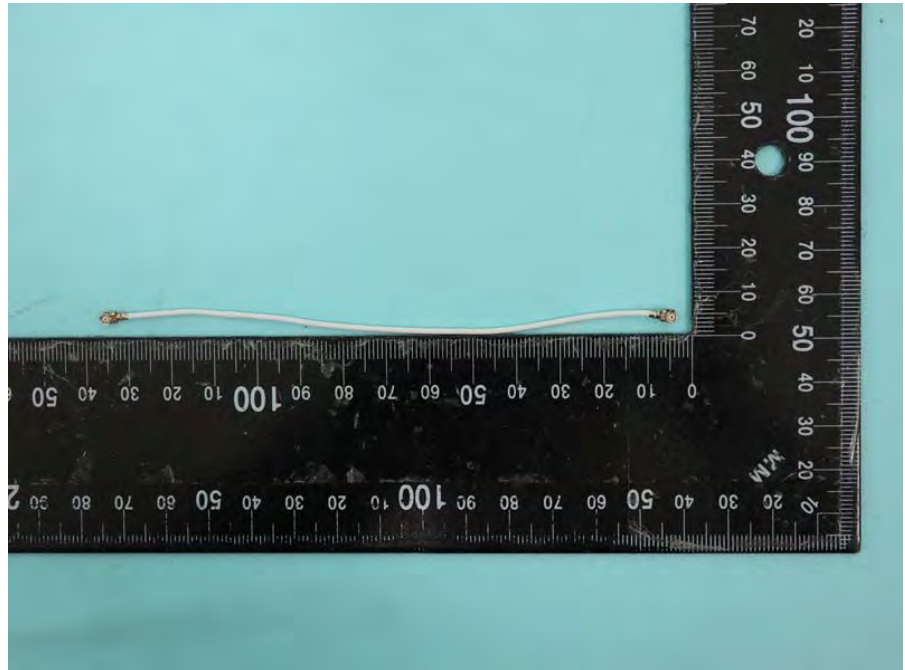

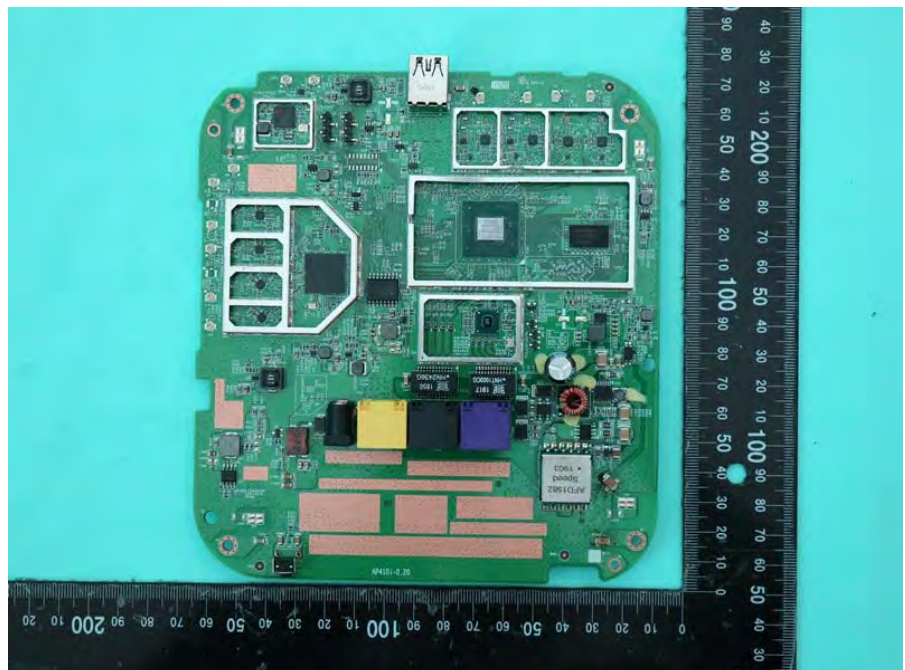

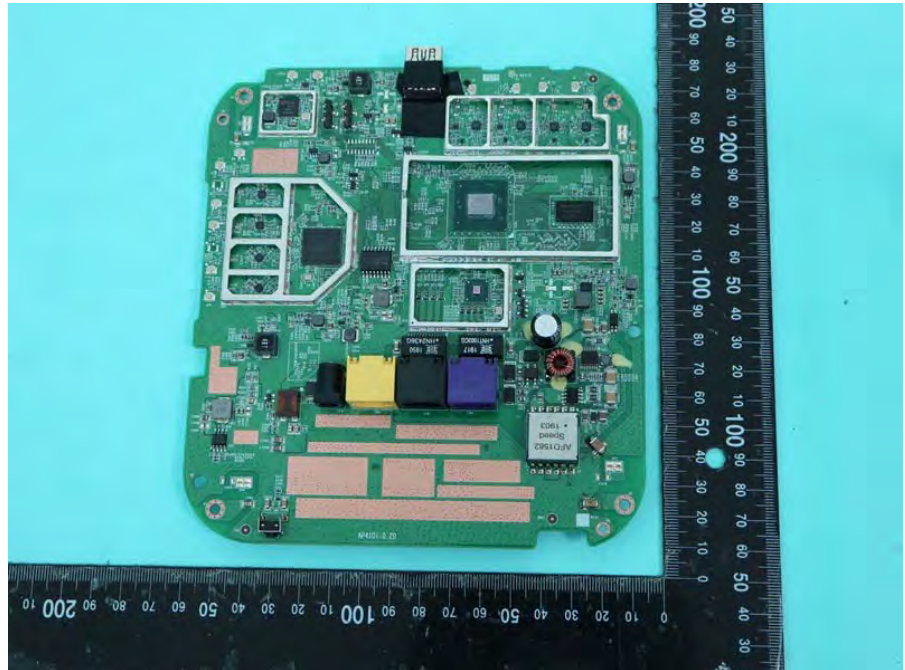

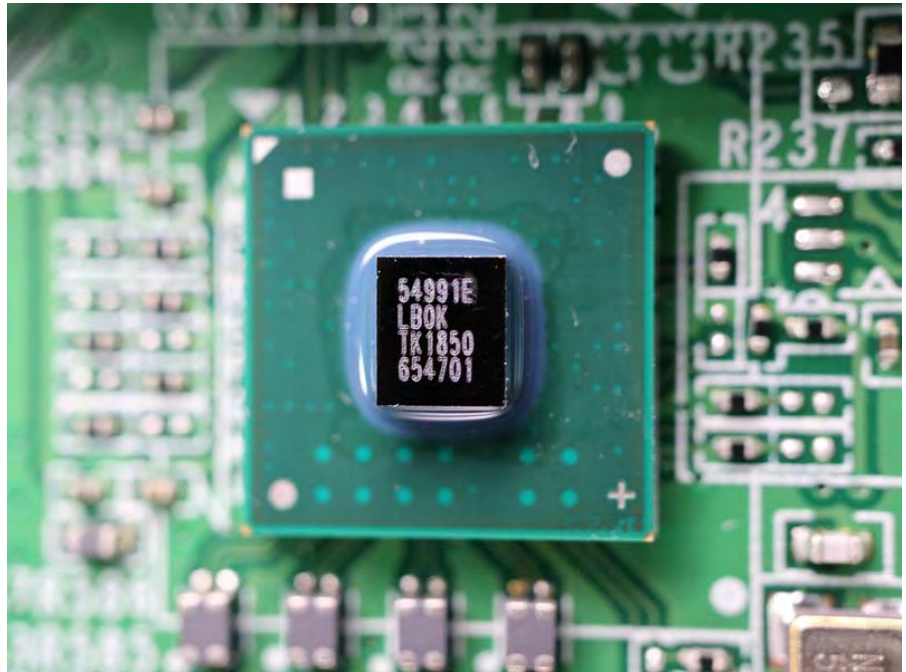

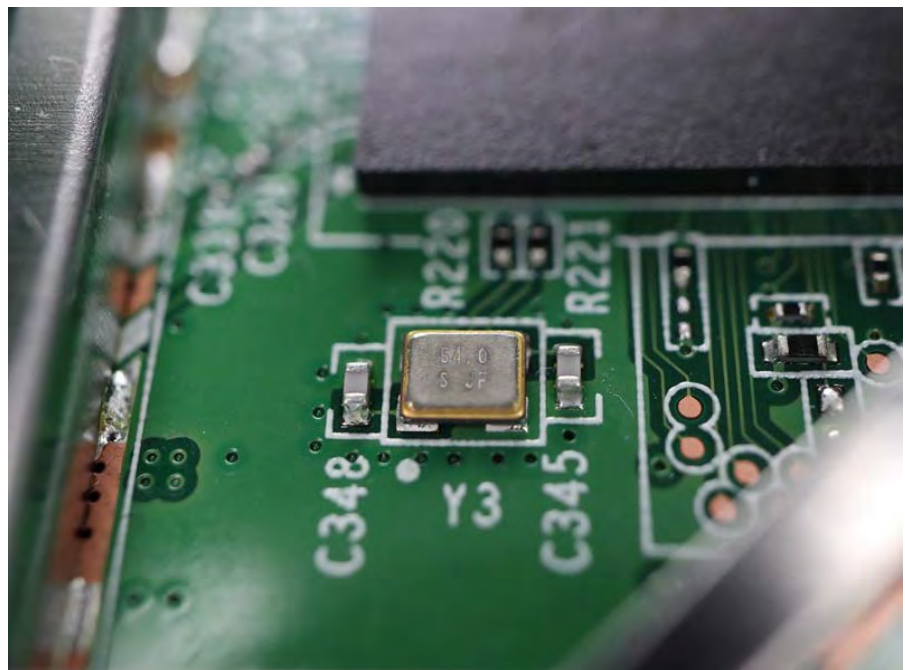

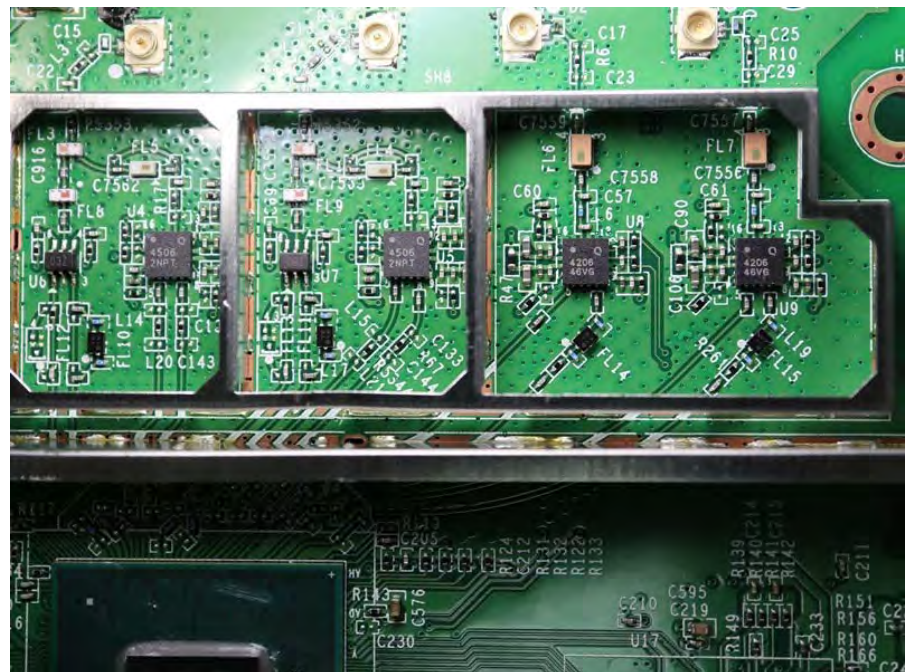

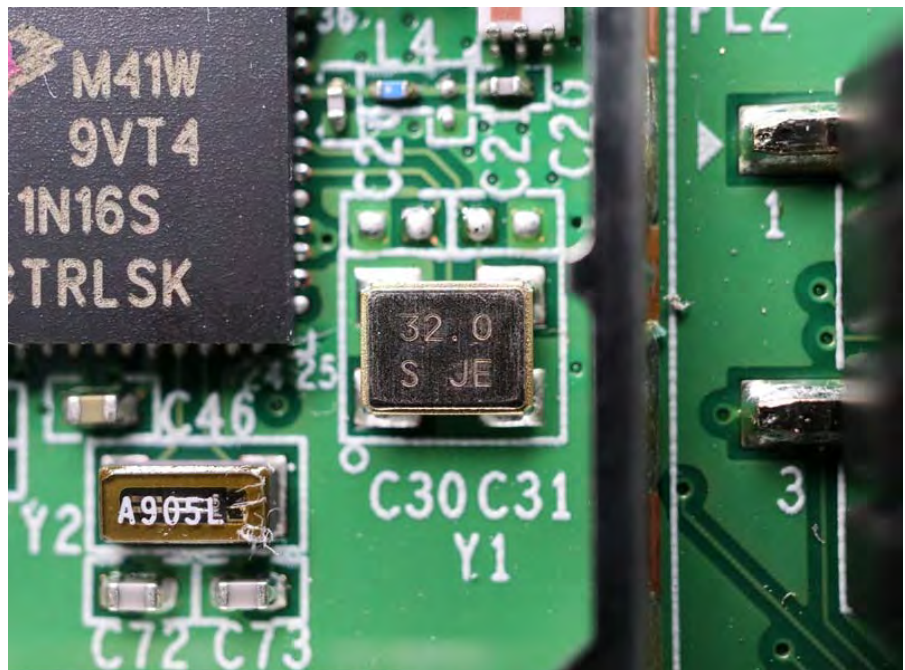

This image shows a close-up of the green printed circuit board (PCB) of the Sony WH-1000XM3 headphones. Two gold-plated connectors are visible, labeled J15 and J14. Various electronic components and their designations are printed on the board, including D15, C7499, C7498, C7497, C7507, C7508, C7506, J13, C7503, C7575, C7577, and L20. The board is part of the internal assembly of the headphones.
