USING MY LINQUET

- ❖ Hold the button for **4 sec to turn ON**
- ❖ When linqed, hold for **2 sec to locate** the phone
- ❖ Hold the button for **8 sec to turn OFF**

1. HOW DOES LINQUET WORK?

- Using your phone Bluetooth, Linquet can be added (linqed) to your phone via our Free app. As long as they're in range, life is beautiful. When they go out of range, both the phone and Linquet (attached to your valuable) will continuously alarm, preventing you from losing or forgetting your stuff. And just in case you can't hear the alarm, time and location will be updated to the cloud in real-time, so you can easily retrieve your valuables afterwards.

2. HOW DO I TURN ON/OFF MY LINQUET?

- Hold the button down for 4 seconds to turn on your Linquet, and for 8 seconds to turn it off.

3. DO I NEED TO ADD ANY HARDWARE TO MY PHONE?

- No, you don't have to attach ANY hardware to your phone. All you need is our Free app.

4. WHAT IS THE RANGE?

- The range is up to 30 meters (100 feet) and might be shorter in indoor or noisy environments.

5. WHAT SMARTPHONES DOES LINQUET SUPPORT?

- We currently support iOS devices with Bluetooth 4.0 and Android devices with Bluetooth 4.0 (V 4.4+)

6. HOW DO I ADD (LINQ) LINQUETS TO MY PHONE?

- To add Linquet to your phone:
 1. Turn ON the Linquet and open the app
 2. Tap “+” button and choose the Linquet you want to Linq
 3. Wait for the Linquet to be Linqed*

*if not linqed in 30 sec, you may have to start from the step 1.

When you see the green dot in front of the Linquet it means your Linquet is linqed. It's better to Add/Linq Linquets one at a time.

7. WHEN A LINQUET IS ALARMING, HOW COULD I STOP THE ALARM?

- Simply press its button.

8. HOW MANY LINQUETS CAN I LINQ TO ONE PHONE?

- Some phones have limitations on how many Bluetooth devices you can connect. Depending on your phone, you could linq up to 10 Linquets to one phone at the same time, giving you the great ability to track & protect MULTIPLE valuables at the same time.

9. AFTER ADDING LINQUET TO MY PHONE, CAN I STILL USE MY BLUETOOTH HEADSET OR CAR KIT?

- Yes.

10. HOW LONG DOES THE BATTERY LAST?

- On a normal usage, the Linquet battery will last up to 1 year. Linquet notifies you when its battery needs to be replaced and you can also monitor the battery level on the app.

11. DOES IT USE UP MY PHONES BATTERY?

- Linquet is using Bluetooth, similar to a Bluetooth headset and it slightly affects the battery life of your phone, usually using up an extra 2-5% per day.

12. IS LINQUET “THIN”?

- Yes! Linquet is very thin so you could easily put it in even your wallet or purse.

13. HOW CAN I REMOVE A LINQUET FROM MY PHONE?

- Tap on the Linquet you'd like to remove and then tap 'unlinq'.

14. WHAT HAPPENS IF SOMEONE TURNS OFF MY PHONE BEFORE STEALING IT?

- As soon as your phone is off, your Linquets will alarm to warn you.

15. HOW CAN I LOCATE MY PHONE USING MY LINQUET?

- When you're in range, similar to locating your Linquets via the app, you could just press the button on any Linquet for 2 second and your phone will start alarming. Also, you could press the button again to stop the alarm.

GENERAL SAFETY AND PRECAUTIONS

1. This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

1. Cet appareil est conforme à la section 15 des réglementations de la FCC. Le fonctionnement de l'appareil est sujet aux deux conditions suivantes : (1) cet appareil ne doit pas provoquer d'interférences néfastes, et (2) cet appareil doit tolérer les interférences reçues, y compris celles qui risquent de provoquer un fonctionnement indésirable.

2. This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

2. Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Please take attention that changes or modification not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. Note: This product has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This product generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: —Reorient or relocate the receiving antenna. —Increase the separation between the equipment and receiver. —Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. —Consult the dealer or an experienced radio/TV technician for help.
