FCC Laboratory  
7435 Oakland Mills Rd.  
Columbia, MD 21046

**SUBJECT:** Class II Permissive Change for FCC ID: QYL-5127MODMINI, Model: 5127 Modular Mini

The product, RFID Module, has been granted by FCC dated 07/28/2025 under FCC ID: QYL-5127MODMINI. The intention of this application is to enable the modular certified FCC ID: QYL-5127MODMINI to be integrated in Getac Tablet/ Model: F120, F120Y (Y= 10 characters, Y can be 0-9, a-z, A-Z, “-“, “\_” or blank for marketing purpose and no impact safety related critical components and constructions.). And then be disabled feature of BT LE via software.

Except this change, the design and hardware are identical to original granted.

A handwritten signature in black ink that reads "Kevin Chiang". The signature is written in a cursive style with a horizontal line underneath it.

**Kevin Chiang**
