OEM integrator

To whom it may concern

According to FCC regulations, devices incorporating the PWR-07-01 Remote Module must be labeled on the outside with wording such as the following: "Contains Transmitter Module FCC ID: QYPPWR0701" or "Contains FCC ID: QYPPWR0701".

The module meets the requirements for a portable device be used at separation distances of less than 2.5cm from the human body because its output power is below the threshold of  $60/f_{\text{GHz}}$  mW (25mW for a 2.4GHz device).

Sincerely,

A handwritten signature in black ink, appearing to read "Pierre Landau".
