

Excellence in Compliance Testing

---

## **Certification Exhibit**

**FCC ID: QZC-REXUAI**

**FCC Rule Part: 15.247**

**ACS Project Number: 15-0285**

Manufacturer: Elster Solutions, LLC  
Model: REXUAI

## **Internal Photos**

Figure 1: Component Side View of REXUAI PCBA

Figure 1 shows the component side of the REXUAI printed circuit board assembly. The 900 MHz antenna is printed on the board beneath the FCC compliance statement. The 2.4 GHz antenna is printed directly beneath the bar code label on the left side. The location of the FCC/IC ID label is indicated. For the model REXUA, the ID is silkscreened on the board. For other models, including the REXUAI, the appropriate ID label is permanently adhered over top of the silkscreened ID. Figure 2 shows the solder side of the PCBA while Figure 3 shows the radios with shield covers removed.
