2: the using ambient temperature is $+5^{\circ}\text{C}\sim+40^{\circ}\text{C}$ Never use with dimmer or enclosed lamp shade.

3: Don't fix at high temperature, damp and inflammable surrounding

4. Added weight of the device may cause instability of freestanding portable lamp.

Use only with a portable table lamp that is provided with a shade.

5. This device is not intended for use with emergency exit fixtures or emergency exit lights

6. Voltage range: 120V/Hz

7. Frequency of working: $<50\text{KHz}$

8. Cut off the power when fixing, keep safe, turning into the lamp base while holding the lamp enclosure. Don't hold the lamp base too closely, in case of damage.

Under rated voltage the lamp nominal working current is the following: ($\lambda < 0.90\text{C}$)

EL8us

Power(W)	11	15
Current (mA)	165	245

The current range is nominal lamp current $\pm 10\%$.

WARNING

Changes or modification to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a RF lighting device, pursuant to part 18 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio of television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is needed.

Consult the dealer or an experienced radio/TV technician for help.

Maintenance of the product: This lamp do not contain any user maintenance parts.
