

The image shows a green printed circuit board (PCB) for a Control G device. The board is populated with various electronic components, including resistors, capacitors, and integrated circuits. A barcode is visible on the board, with the number 28001 01062340233 printed below it. The text 'Control G' is printed on the board, along with the revision information '100-00184 REV 2' and 'C40-00184 REV'. The copyright year '© 2012' is also present. The board has a complex layout with numerous components and traces.
