### **Applicant's declaration concerning RF Radiation Exposure**

We hereby indicate that the product  
RTX3320  
is considered to be a mobile transceiver.

The internal antenna used for this mobile transmitter must provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

A safety statement concerning minimum separation distances from enclosure of the RTX3320 will be integrated in the user's manual to provide end-users with transmitter operating conditions for satisfying RF exposure compliance.

The appropriate information can be drawn from the test report no. G0M20403-8572-C-1 and the accompanying calculations.
