Overall Assessment Letter for F2M03ALA
FCC id: R47F2M03AL

I have reviewed this application and find it compliant.

This is an application for a limited single modular approval for a low power Bluetooth™ v2.1 + EDR Module which has an on board antenna.

Please note the following:

As a result of the assessment review the application was requested to be updated and the agent letter was revised to be appropriately addressed to BABT TCB. The test report was also requested to be revised to include the equipment FCC identifier and power source details.

Yours sincerely

Vina Kerai
Compliance Engineer
