Re. FCC ID : R72EP100

Subject : Justification Letter for extended frequency range use

Gentlemen,

We, E-Tech, advises that EP100 Handheld Transceiver has the design capability to be programmed and operated only for the frequency band 136-174 MHz.

We, E-Tech, also acknowledge that it is a violation of FCC rules for this device to be operated on unauthorized frequencies inside the USA.

We, E-Tech, acknowledge that this device will not be marketed to USA users with the frequency band which is not allowed by rule part as well.

Pls note that Licensed End users shall not have any access to external controls that will allow them to programme the equipment. Equipment programming is the responsibility of E-Tech approved service agents.

Sincerely Yours,

JongWoon Kim
/Executive Director
/E-Tech Co., Ltd.
