Subject: FCC ID:R72EZ1-100 justification letter for expanded frequency range 140-174 MHz

Gentlemen;

You have asked E-TECH Co., Ltd. for justification to have the frequency bands 140-174 MHz appear on the face of the FCC Grant of Certification for a Part 90 certification. This frequency range is regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military to appear on the face of the equipment Grant of Certification.

(1) E-TECH Co., Ltd. Marketing Department plans to ensure that USA users, other than those specifically identified in this letter, not operate within bands 140-150 MHz, as controlled by the users' FCC station license.

(2) This device will not be marketed to USA users, other than those identified in this letter, namely the USA Government and its various departments & military, for operation in 140-150 MHz frequency range.

"

Sincerely Yours,

Jong-woon Kim
