Subject: FCC ID:R72EZ1-400 justification letter for expanded frequency range 440-470 MHz

Gentlemen;

You have asked E-TECH Co., Ltd. for justification to have the frequency bands 440-470 MHz appear on the face of the FCC Grant of Certification for a Part 90 certification. This frequency range is regarded as usual & customary by United States Federal Government and its various departments, user organizations and the military to appear on the face of the equipment Grant of Certification.

- (1) E-TECH Co., Ltd. Marketing Department plans to ensure that USA users, other than those specifically identified in this letter, not operate within bands 440-470 MHz, as controlled by the users' FCC station license.
- (2) This device will not be marketed to USA users, other than those identified in this letter, namely the USA Government and its various departments & military, for operation in 440-470 MHz frequency range.

“

Sincerely Yours,

Jong-woon Kim
