

# Instruction Manual for USB Hub 4 ports 2.0

## Model KT-UH406

### **Product Introduction:**

Extend your high speed connections with this USB 2.0 Hub! Its allows you to connect to a variety of USB devices including scanners, printers, digital cameras, camcorders, speakers, mice, keyboards, external drives, MP3 players and more!

This hub features built-in USB cables and provides up to 480 Mbps data transfer rate.

### **Product Feature:**

- Adds four USB 2.0 Hi-Speed Ports
- Fully Compliant with USB 2.0 Specification
- Backwards Compatible with USB1.1
- Support data transfer rate at 1.5/12/480 Mbps
- Friendly & ergonomic design, easily portable
- Provide up to 500mA per port sufficient for diverse devices
- Plug & Play installation
- Supports Windows 2000/XP/Vista/7
- Support Mac OS 8.6 or above

## Federal Communications Commission (FCC) Statement

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**Warning:** Changes or modifications made to this device not expressly approved by Nordic Games GmbH may void the FCC authorization to operate this device.

**Note:** The manufacturer is not responsible for any radio or tv interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment.
