Mr. Andy Leimer
Federal Communications Commission
7435 Oakland Mills Road
Columbia, MD 21046

Dear Mr. Leimer:

The Federal Aviation Administration, Spectrum Engineering Services Group has received the SkyGuardTWX, LLC, letter dated March 1, 2013 as notification regarding a request for Federal Communications Commission (FCC) certification of the UAT100 ADS-B avionics Transceiver, with FCC ID#: R83UAT100. This transceiver would operate in the 978 MHz band within the United States National Air Space.

The Spectrum Planning and International Group has reviewed the data presented by SkyGuardTWX and has found "no objection" to the FCC granting certification to this equipment, for the parameters specified above.

If you require any additional information, please contact Ms. Annette Allender, Electronics Engineer, Spectrum Planning and International Group, at (202) 267-3893.

Sincerely,

Robert A. Frazier
Manager, Spectrum Planning
and International Group
