**Re: Class II Permissive Change Filing for FCC ID R8VDASDEC-1EN**

Pursuant to the FCC's Fifth Report and Order on EAS (EB Docket 04-296, 27 FCC Rcd 642 [2012]), the above referenced grantee is submitting a Class II Permissive Change filing for an integrated CAP-capable EAS devices that already has FCC certification (R8VDASDEC-1EN). The purpose of the filing is to apprise the Commission that the device has been tested for compliance with the ECIG Implementation Guide pursuant to the procedures adopted in the above reference Order and that the filing is being made to update the device's existing certification file.

In this cover letter, we also state the above referenced device maintains its underlying FCC equipment authorization as an EAS Encoder/Decoder under Part 11 (Emergency Alert Devices), and we further confirm compliance with section 11.56 of the Commission's rules.

We submit, as required, a copy of the IPAWS Conformity Assessment program Suppliers Declaration of Conformity (SDoC), as the above referenced device has successfully completed testing under FEMA's program.

Sincerely,

A handwritten signature in black ink, appearing to read "James F. Heminway".

James F. Heminway
