

## **INTERTEK TESTING SERVICES**

---

### **Purpose of Application**

The base of model OL6815 is the altering original certified model of OL5800 that OL6815 uses the different cosmetic enclosure; therefore, the purpose of this application is to report changes in the original certified product for production reason. The main modification is to bend a little bit on the antennas of base unit due to the change on the enclosure. TAD keyboard PCB and answering machine function are also added on the base unit, and other designs including electronic and electrical are identical. The RF module is remained the same, and the handset of model OL6815 shares with the same handset of OL6813 which is subjected to Permissive Change Class II.
