

INTERTEK TESTING SERVICES

Purpose of Application

The handset of model OL6813 is the altering previous certified model of OL3021 that OL6813 uses the different cosmetic enclosure; therefore, the purpose of this application is to report changes in the previous certified product for production reason. The main modification is to bend a little bit on the transmitting antenna of handset due to the change on the enclosure. In addition, the polyphonic circuit on the handset is also removed. The RF module of the handset is remained the same, and other designs including electronic, electrical, and PCB layout are identical.
