

Purpose of Change Letter for VP1000SBR

We, hereby confirm that the VP1000SBR is modified by original model VP1000 (FCC ID: RAQVP1000X, IC: 1187B-VP1000X). The main modifications are the removal of charging function, and adding an integrated router feature in the base unit. Due to these changes, the base band PCB of base unit is re-layout, an additional LAN port circuit is added in base unit, and the charging circuit is removed from base unit as well as a new plastic casing is used for base unit.

No modification is made in handset and additional charger. And RF module remain the same.

The above-mentioned changes are not intended for maximum power and change on field strength rating.
