

Description of Permissive Change

Ref: FCC Class II Permissive change for FCC ID: RAS-MT7922A12L

(Original approval date: 10/05/2021)

The application is prepared for FCC Class II Permissive Change through software enabling to its original parent application.

No changes to the design or circuitry of the module itself have been made. According to the original report, we apply as below:

1. Added SAR testing, EUT from mobile device to portable device, reduced the TX power value only for 5mm SAR testing separation distance.
