Importance: High

Dear Bill,

Thanks for your prompt response.
And I'm very happy to talk to you again :-)

As per your review comments, please see the response below:

1. I have supplement the revised label to the ATCB website.
Please review it. And I also submit the revised inter photo to you.
2. We have modified the channel number from 13 to 11 of the manual.
And also upload it to the website. Please review it.
3. We do perform the two types of antenna, the test results were showed on page 23-34 of the report. Please review it.
4. We have modified the manual and added the statement as per your kindly advise. Please review it.
5. After confirmed with our client. The USB cable is intended to ship with the EUT, and the cable length is longer than 20cm.
The warning information on the page 3 of the manual is only remind the user not to connect the additional cable by themselves.

And I hope the documents satisfy all your requirement for reviewing this project. If you have further question, please feel free to let me know. Thank you.

Have a nice day & Best Regards,

Julia/ Intertek Taiwan

Julia,

Yes, I am in Taiwan now. I made a side trip to Korea this past week, and am now just settling down and playing catch-up.

I did have a review of RAXWN4501DARC and sent the comments out - I assume you did not receive them? My records indicate the review and comments were sent on March 25. I have attached a copy for your review.

Please call me this week and we will make every effort to expedite this filing since I know your clients must be anxious.

+886 0920399260

Bill

Dear Bill,

How are you? Are you in Taiwan now?

I've check the status of RAXWN4501DARC of Clint Arcadyan on website, we submitted this project on Mar. 25, 2004. But till now, we have not get any info of it. Would you please kindly check it for me if any problem of it? Thank you.

Have a nice day & Best Regards,
