Subject: application for certification of a device which integrates "Single Modular" FCC certified GSM module.

Product: Remote terminal unit S4W

FCC ID: RCJS4X

We, *Lacroix Sofrel*, would like to apply for certification our remote terminal unit, model: S4W.

The equipment integrates a GSM module (Model: HL8548) already "Single Modular" certified under FCC ID: N7NHL8548.

This GSM module is integrated with no modification and scrupulously respecting the manufacturer's integration instructions.

Therefore, original test reports still accurately reflect test results of the GSM module once integrated in remote terminal unit S4W.

For any further inquiries, please do not hesitate to contact us.

Best regards,

Date: 31/01/2018
