Subject: Supersede of Test Report R0710244-407 for Ixia FCC ID: RCXEE11ABG5

Bay Area Compliance Laboratories would like to request supersede of the test report exhibit (R0710244-407) for Ixia FCC ID: RCXEE11ABG5. The reason for this supersede is that the test report previously uploaded to the FCC did not include the complete requirements for client devices under FCC rule part 15.407(h). All required information and plots have been included in the revised report R0710244-407 Rev.1 uploaded to the FCC.

If there are any questions or concerns in this matter please feel free to contact us, thank you.

Best Regards,
