Fcc Caution

Any Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- **Reorient or relocate the receiving antenna.**
- **Increase the separation between the equipment and receiver.**
- **Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.**

Find the Removable Disk

Open the removable disk and run 'yunmi.exe'

Find the Security Disk 'Yunmi disk'

The data written on the Yunmi Disk will be encrypt for data security.

Disconnecting

Please remove the device properly following the proper procedure depending on the OS. Otherwise, data may not be record correctly, or may be destroyed.

Key features

Name: Yunmi disk

Model: C18

Main Features : 128bit AES data encryption for data security

Hard-code to prevent password leakage

Dual disk display: Removable Disk& Security Disk

Encrypted data while data Sync to make sure data security

Fully compatible with USB2.0

Hi-speed sync read and write

Delicate finishing with premium and stylish style

System Requirements:

Hardware: Compatible PC, compatible Notebook with USB port

OS: Windows 2000/XP/7/Vista/Server 2003.Linux 2.4.x or above

Technical Specifications:

Storage media: Flash Memory

Dimension (L*W*H): 48.6mm*15.8mm*5.0mm

Weight: 11.5g (approximately)

Addr: Beijing CUZKON Technology Development co. ,Ltd

Layer11,sector A ,Theo center ,Datun Road,Chaoyang District,Beijing 100101,P.R. China
