## **Class II Permissive Change**

**Company name:** Strix Systems, Inc.  
**FCC ID:** RFM-MWS100NA  
**FCC Part 15 and Part 90 Certification**

Gentlemen,

Strix Systems, Inc. would like to apply for a Class II permissive change for our previously authorized product MWS100, FCC ID: RFM-MWS100NA.

The differences are listed below:

1. MWS100 now has a water-proof cast aluminum housing. Previously, a non-water proof aluminum housing was used.
2. Internal cabling has been added to connect the Ethernet, DC Power and both RF ports through to the user accessible surface of the aluminum housing.

Sincerely,

A handwritten signature in blue ink, appearing to read 'Alex Berg', is written over a light blue rectangular background.

Alex Berg  
VP of Engineering  
Strix Systems, Inc.
