QUICK START GUIDE

POWERING THE URCHIN:

To turn ON the URCHIN, press and hold the power button (pictured in red) for 2 seconds. The power LED, located to the right of the power button, will turn solid green when the Urchin is ON.

To turn OFF the URCHIN, press and hold the power button for 2 seconds. The power LED will flash green and turn off when the Urchin is OFF.

To CHARGE the URCHIN, plug the Micro USB cable into the input behind the port door. The power LED will turn red to indicate the URCHIN is charging. When charging is complete, the power LED will turn off.

PAIRING WITH THE URCHIN:

To pair your device with the URCHIN, press and hold the Bluetooth button (pictured in orange) for 3 seconds. The Bluetooth LED, located to the left of the Bluetooth button, will flash blue when the URCHIN is in pairing mode. In the settings on your device, select "Urchin R4A" and connect. Once your device has paired successfully, the URCHIN will make a tone and the Bluetooth LED will turn solid blue.
