RE: DECLARATION OF ANTENNA USED IN W988A FCC ID: RGV0309W988A

The swivel antenna used in the W988A is connected to the main PCB via directly snapping in it.

The antenna cannot be removed or replaced by user without taking the whole unit apart, and removing the printed circuits boards from the housing. In the course of doing that, it will void the service warranty provided by manufacturer, and might damage the unit if not careful.

The swivel antenna used is an omni antenna, manufactured by GIGAANT. The antenna carries the model number 2010B5771-04 and has gain of 2.9dBi.

Sincerely,

Yang Hong
