FCC Part 25 Certification

Report Number: 03-0340

Issue Date: September 29, 2003

Customer: Axonn, L.L.C.

Model: AXTracker

FCC ID: : L2VAXTRACKER

2.12 Emissions from Mobile Earth Stations for Protection of Aeronautical Radionavigation-Satellite Service. (FCC Section 25.216)

Emissions from the EUT were evaluated from 1559 MHz – 1605 MHz and did not exceed the limit at -70dBW/MHz, averaged over 20 milliseconds.

Emissions from the EUT were evaluated from 1605 MHz – 1610 MHz and did not exceed the limits ranging from -70 dBW/MHz at 1605 MHz to -10dBW/MHz at 1610 MHz, averaged over 20 milliseconds.

Emissions were measured with a spectrum analyzer by connecting the spectrum analyzer directly via a short cable to the antenna output terminal with the Resolution Bandwidth set to 1 MHz. Results are shown on figures 7a -7c.
