

Diagram showing the equipment positioning and cable arrangement.

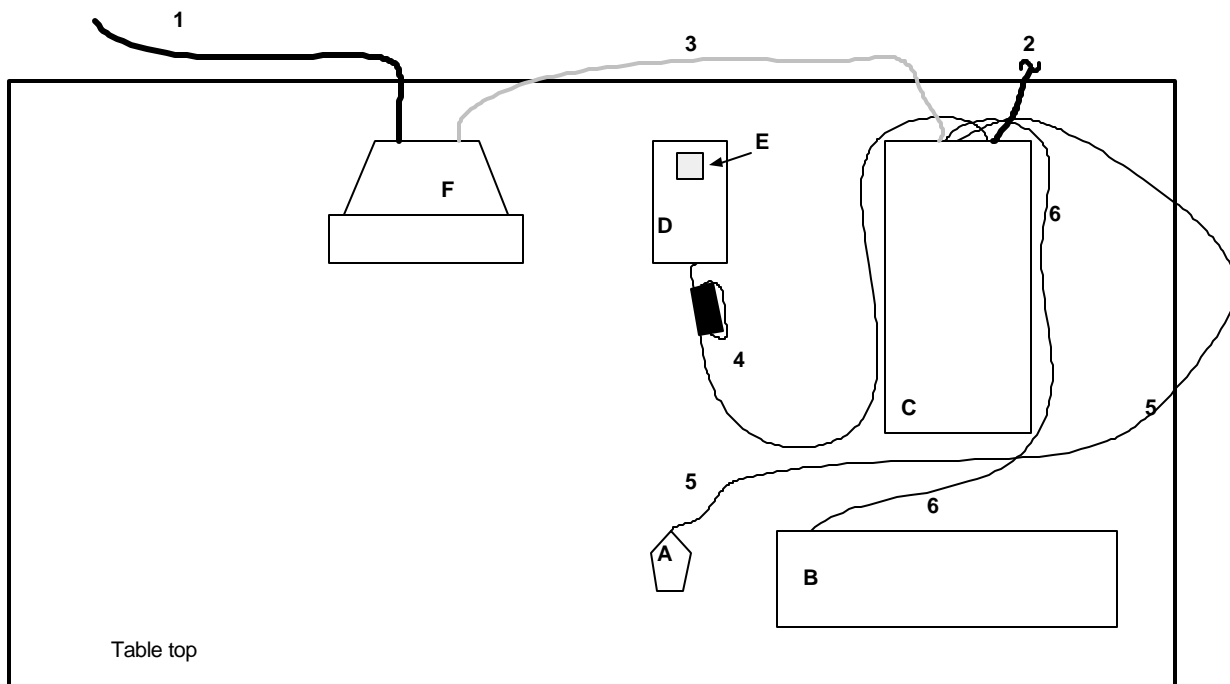

Figure 6. Basic EUT Setup
(Legend designation is on previous page)

Figure 7. Line Conducted—Front View

Figure 8. Line Conducted—Rear View.

Figure 9. Radiated—Rear View

The rear view of the radiated test setup show the arrangement of highest emissions. Note that the USB cable is routed toward the edge of the table, rather than next to the PC as in the conducted emissions setup. This setup was used for all radiated emissions (E and H-fields).
