RE: RK8-PP100FM/7172A-PP100FM

Attention: Tracy Qi

During the review of this device, the following items need to be clarified. Please be aware that there may be additional questions based upon the responses to these items.

- 1) Please provide references to RSS210 in the test report.
- 2) The User Guide does not include the required IC statement for RSS210. Please submit a User Guide that includes the appropriate statement.
- 3) Please verify and indicate in the report that the device's tuning controls were manually adjusted to assure the appropriate tuning range (87.1 to 107.9 MHz).
- 4) Please verify that the bandwidth was tested with the maximum audio input.
- 5) Please verify that the audio input was a typical audio file rather than a fixed frequency (i.e. 1000 Hz tone).
- 6) Please verify that standard confidentiality is not required for this application.

Best Regards,

Michael Mobley

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to the correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
