PARROT DF3120

3.5" Wireless digital photo frame

PARROT DF3120

3.5" Wireless digital photo frame

3.5" wireless digital photo frame

Enjoy your photos alone or share them with friends thanks to the 3.5" wireless Digital Photo Frame PARROT DF3120. Easily transfer your photos, via your SD/MMC card or plugging in a mini USB wire. Store up to 300 photos on the internal memory, create your own slideshows and appreciate them on the 3.5" high resolution TFT screen.

A smart frame

The PARROT DF3120 can be used both horizontally and vertically according to your desires. All the photos stored will automatically rotate and be resized to match the position of the wireless Digital Photo Frame.

Definitively universal

The PARROT DF3120 has been engineered to receive all your photos easily and fast. Its *Bluetooth* v2.0 + EDR connectivity enables you, without any cable, to transfer your pictures from any *Bluetooth* devices such as: mobile phones, PCs, or cameras. The PARROT DF3120 features also a SD/MMC slot for your camera memory cards and a mini USB port/cable to easily transfer all your pictures stored on your computer.

Keep your pictures close to you

Its tiny size (102 x 84 x 18.5mm) and its cute and modern design allow you to always have it close to you. Expose on your desk or on your night table the photos you used to keep deep in your wallet.

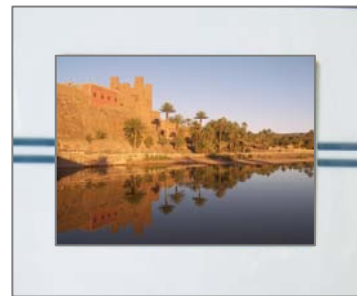

So easy, so convenient

The PARROT DF3120 can store and display over 300 photos both in JPEG or GIF formats. Whatever the size or resolution of your pictures, the PARROT wireless digital photo frame will automatically adapt them to the 3.5" high resolution TFT screen. Its user-friendly interface enables you to easily choose your favourite pictures to create your own personalised slideshows.

Save energy, be environmental

Stop wasting energy. Easily set-up the time you want your PARROT DF3120 to automatically switch on or switch off everyday.

Cute and practical !

Wireless technology

The Bluetooth wireless technology enables voice and data to be sent via a short distance radio link. It connects a wide range of electronic equipment without requiring additional cables. Furthermore, it extends the communication possibilities for mobile phones and a large number of devices.

Phone compatibility

As Parrot products are 100% Bluetooth compatible, they are compatible with almost every Bluetooth mobile phone. Please refer to www.parrot.com
