Attention: Kathy Grzovic

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the modular request letter states LMA, but the device appears to be a full modular approval. Please explain and correct as necessary.
2. Please note that while the 731 states the power of this device is 20mW, the report only supports 17mW (12.3dBm from page 8 of report). Please explain and please correct as necessary.
