RE: FCC ID ROJEXPLORER-710

The TT-3720B System includes the following main units:

TT-3732B EXPLORER 710 Transceiver
TT-3703B EXPLORER 710 Antenna

In the TT-3732B, the user has access to setup the WLAN functionality.

For correct local setup of the WLAN, the user must setup the correct location (Country).

The Channel setup for different countries is shown below:
