# How to play

## MAIN PAGE AT HOOP SHOT ONLINE

## SINGLE PLAYER

Please see below 3 games in Single Player mode

ARCADE

Total 4 stages, the first 3 stages are set with different target points and the last stage is no target limit. Before starting each stage, 5 seconds countdown. Score enough points on each stage and you get can enter into the next stage. Up to the last stage, do your best to get the highest score (Every shot made in the last 15 seconds of each stage scores for 3 points.)

It is designed to boot up your scores. The App records your highest scores ,latest scores and shows your world ranking.

highest scores

latest scores

world ranking

STAGE	TRAGET
1	50
2	125
3	225
4	N/A

SINGLE BALL

Are you on fire today? Each time you have 3 seconds to score the point. The game stops when you fail at buzzer in 3 seconds. It is designed to challenge your accuracy and confidence level. It records your highest scores, latest scores and shows your world ranking.

highest scores

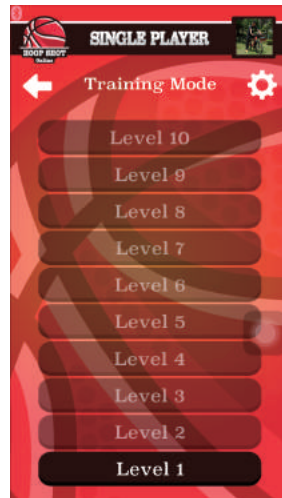

latest scores

world ranking

## TRAINING

Training mode provides 10 different level that you can play with our e-coachs. Complete 10 levels and you are ready to compete the best from the world

If you win, you can go to the next level; if you lose, you can challenge again.

## MULTI PLAYER

Design for 2 to 5 players compete at the same time.

Create your own room or join a public/private room. Are you ready to join the game?

### CREATE ROOM

You can create your own public or private room.

Click Create Room, the system will generate a room no. automatically

Pick Public and Click Create  
(No password needed)

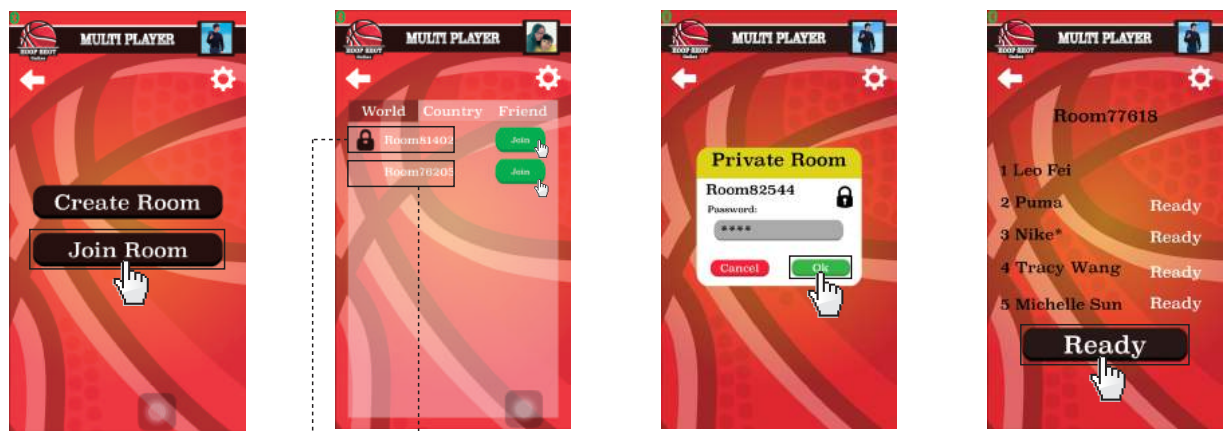

Pick Private, Set Password and Click Create  
(When you invite your friends to join the private room to compete each other, you need to tell them your room number and password.)

Click Ready

**JOIN ROOM**

Please join the game in public or private room in World/Country/Friend column.

Click Join Room

Join the public room  
(No need password)

Enter the password, click OK.  
(When your friend invites you to  
join in to challenge each other, he/she  
needs to tell you room no. and password.)

Click Ready

Join the private room with a “Lock”  
sign in front (Need password)

When 2 or more but no more than 5 persons (please see below) are in the same room, the hoster (room creator) can start the challenge game at anytime to play against others remotely in real time.

Click Start (Hoster with  
“\*” can click “Start” anytime when 2 or  
more person are ready)

The APP screen can show everyone's score (please see below) and the smart scoreboard screen can show your score on the left side and show the highest score except you in the room on the right side.

It is the only combat game available in a Multi Player mode and same as Single Player mode so you can play up to 4 stages. Each player's score is shown on the App in real time.

### OFFLINE CHALLENGE

No time to play with friend or can not find your friend online? Now, you can send your challenge to your friends or ready to be challenged. Offline Challenge is available in the arcade game. It is designed to be played up to 4 rounds. Choose a friend first and select challenge. After the game finish, your score and invitation will send to your friend's account. Wait for his/her game back. When you are challenged, you can take it or leave it. Accept the challenge, you start the game with your friend. Your friend's score will be displayed on scoreboard. Offline Challenge records whole score process. It will replay the score process to make you feel play live with your friend. Lost a game! Just a cold hand! You can re-challenge your friend immediately after a game. All the result is recorded in your personal profile.

PLAYER

FRIENDS

GAMES

You can see 20 most active people in the world and choose anyone in the list to challenge

If you log in via your Facebook or Twitter account, you will see your friend lists and choose anyone in the list to challenge

You can accept others' challenge or wait for others to accept your challenge.You can see the games result: win, lose, draw

Rechallenge (ReC) You can challenge once again.

A: Please make sure the internet is connected. Please log out the App and log in again to create room or join room

Q: How many people can play in a same room?

A: Multi Players mode allow you to create or join a room. Two or more but not more than 5 persons can play in the same room.

Q: When join a room, the game does not start for long time?

A: In Multi Players mode, no matter in public or private room, only the hoster (room creator) can start the game.

Q: How many records can I see on the ranking list?

A: You can view the top 200.

## OTHERS:

Q: My App is working properly but smart scoreboard is off. What should I do?

A: Please restart the smart scoreboard. Then please log out the App and re-connect the Bluetooth. If it keeps happening, please change the new batteries.

Q: Where can I get an additional user account?

A: Please go the shop function on Hoopshot Online App and it will guide you to our online shop to purchase additional user account.

Q: Why can't get the score when we shot the ball to the right side of scoreboard?

A: Please shoot the ball to the left side of scoreboard. The right side is for the target goal or the competitor's score.

**Warning/CAUTION:** Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

**Note:** This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

The device must not be co-located or operating in conjunction with any other antenna or transmitter.

This device complies with FCC's radiation exposure limits set forth for an uncontrolled environment

This device must be installed to provide a separation distance of at least 20 cm from all persons.
