RE: FCC ID: RR7-GWBT002  
Attention: Vincent Su

I have a few comments on this Application. Please note that further comments may arise in response to answers provided to the questions below.

1. Please note that the block diagram provided does not meet the minimum requirements of a part 15 and part 2. Please provide a block diagram in accordance with 2.1033 (such block diagram must provide all clocks and data path information. Please refer to 2.1033(b)(5).
2. Please note that ANSI C63.4 2003 section H4 (the currently accepted ANSI C63.4 edition) states that for intentional radiator radiated emissions measurements the video bandwidths shall be at least 3 times the IF bandwidth. Please note that your report states that the VBW is the same as the RBW. Please explain why ANSI C63.4 requirements were not followed.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information may result in application termination. Correspondence should be considered part of the permanent submission and may be viewed from the Internet after a Grant of Equipment Authorization is issued.

Please do not respond to this correspondence using the email reply button. In order for your response to be processed expeditiously, you must submit your documents through the AmericanTCB.com website. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the sender.
