Subject: Permissive Class II change for FCC ID:RRKGLM100

Dear Sir,

The Wireless Mini PCI Adapter, Model No.: GLM-100, FCC ID: RRKGLM100 need to apply for the Class II Permissive Change due to add a PIFA antenna. We evaluated that the changed would NOT affect the RF characteristics except for the Radiated Spurious Emission & Band edge.

The product has conducted the Radiated Spurious Emission test and Band-edge test and compliance with the CFR 47 Part 15 Subpart C 15.247 and relative regulations. For more details, please refer to the test report.

If you have any question, please feel free to contact me.

Best Regards,
