Kowloon, Hong Kong

3 June 2005

To Whom It May Concern:

**FCC ID: RS4HB001**

**PURPOSE OF CHANGE LETTER**  
**For Model 75071 (Modified)**

This letter is to provide additional information regarding the Application of Permissive Change for our model 75071 (modified) based on the previously certified model 75071 .

The RF modules of the above-mentioned models are identical in electrical circuitry.

The main difference is the additional two small PCBs to improve the lock-up and burst noise issue respectively. In addition, some components have been changed for volume and off-current improvements.

All design including electronic, electrical, mechanical and cosmetics remain the same except the above-mentioned change.

The above-mentioned change is not intended for maximum power and change on field strength ratings.

Should you have any query, please don't hesitate to contact the undersigned.

Your Faithfully,

Ronilo Paredes  
Senior Approval Engineer
