June 19, 2004

Dear Certification Body:

The following submittal is for change of identification of the previously granted IR Remote Extender, FCC ID Number Q9NAAT. The grant was issued on 07/23/03. No electrical changes have been made to the transmitter circuitry. Physical changes have been made to the enclosure. Please refer to the external photo exhibit. The original test report information and an exhibit displaying the new FCC ID label and location has been submitted.

Please contact Mark Lyon, EMI/EMC Engineer, at Garwood Laboratories if there are any questions and/or further information is required.

Thank you,

Mark Lyon
