Our email dated 08 June 2004

Hi Chris,

Sorry for this delayed response (the E.U.T. was not available).

Attached are the remaining open items:

1. Photos including the new antenna.
2. Test report of the receive mode with the new antenna.

I'll be out of Israel until 02 July 2004. Please contact David if you need additional information.

Regards

Subject: Additional information needed MT#14927 Class II and IC applications

Shaik and David,

I have performed the initial review for the above referenced FCC Class II PC and new IC filing (FCC ID: RUF105704 and IC: 4937A-150704) and the following items are needed to complete this project:

- 1) The antenna has changed from the original FCC filing so please provide antenna specifications, new MPE calculation and photograph of the changed portions of the product.
- 2) Please provide the Receiver Spurious emissions for this product (using new antenna) for compliance with RSS-210 Section 7.

Please contact me if there are any questions.

Best regards,

Chris Harvey
