Date: May 29, 2012

**Federal Communications Commission
Authorization and Evaluation Division
7435 Oakland Mills Road
Columbia, MD 21046**

Attn: OET Dept.

**Product/ Model Number: SecureMesh CONN-1000-A and
SkyPilot by Trilliant SP-4700-A**

Regarding FCC guidelines for UNII Client device without Radar
Detection identified in KDB 848637:

[KDB 848637; Publication Date: 05/20/2011; Section iv. "A Statement of Conformity for the Client in Non-Associated mode is required. The Form 731 application must include a Cover Letter Attachment stating that the client software and associated drivers will not initiate any transmission on DFS frequencies without initiation by a master. This includes restriction on transmissions for beacons and support for ad-hoc peer-to-peer modes."

We declare that the client software and associated drivers will not initiate any transmission on DFS frequencies without initiation by a master. This includes restriction on transmissions for beacons and support for ad-hoc peer-to-peer modes.

Name: Paul Richards

Date: May 29, 2012

Title: Engineering Manager

Signature of applicant

A handwritten signature in black ink, appearing to read "Paul M. Richards".
