

The image displays three disassembled components of a PlayStation 3 console, laid out on a white surface. On the left is the top cover, a green plastic shell with a white label that reads "16505014 0000 1110000 33-0002-1500". In the center is the main system board, a green printed circuit board (PCB) populated with various electronic components, including a large black heat sink, a silver heat spreader, and a blue label that reads "Asa39 antennova 1223". On the right is the bottom cover, a green plastic shell with a blue label that reads "Asa39 antennova 1223".
