

Notice 1

You are cautioned that changes or modifications not expressly approved by the part responsible for compliance could void the user's authority to operate the equipment.

Notice 2

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

MP3onChannel Player Operation Manual

1. Turn on the car power and then plug the MP3onChannel player into 12V outlet (cigarette lighter) in car. The LED indicator will be blinked (3 seconds each time).
2. Plug any kinds of flash drives into USB connector on the top of MP3onChannel player.
3. Just press the “PLAY” button on MP3onChannel player and adjust the audio channel on car radio set.
4. Press one more time on “PLAY” button to be PAUSE mode.
5. Press NEXT (PREV) button less than 1 second changing to Next/Pervious MP3 song.
6. You can adjust the volume on MP3onChannel player if you press NEXT (PREV) button more than 2 seconds.
7. Adjust the channel setting if the signal is interfered in your area.
