Subject: Requesting Class II permissive change for FCC ID: RWO-RZ010373

To Whom It May Concern:

The purpose of this letter is to request a Class II Permissive change for FCC ID: RWO-RZ010373, originally granted on 04/28/2021.

There is no other hardware or electrical modification made to the applying modular transmitter itself except below:

- a. Added a new crystal oscillator.  
The crystal oscillator added by the customer is the same as before, and the position of the crystal oscillator has not changed. However, the original crystal oscillator manufacturer did not supply enough materials, and now a new manufacturer with the same specifications of crystal oscillators has been added.
- b. Updated the PCB layout and an alternative 1.9V DC-DC IC, the updated layout does not involve RF characteristics.
- c. Added the battery model name.
- d. Changed the manufacturer information.
- e. Added a logo in brand name.
- f. Updated the standards writing.
- g. Updated the Software Version.
- h. Added a new appearance.

Please contact me if you have any questions or need further information regarding this application.

Best Regards,
