APPLICATION FOR CHANGE OF IDENTIFICATION

October 18, 2011

Two Technologies, Inc. desires a Change of Identification of the Telit Communications S.p.A. model UC864-G radio with FCC ID number RI7-UC864G in order to apply for Class II Permissive Changes that will allow Two Technologies, Inc. to include the above identified Telit Communications, S.p.A. radio module in our hand held computers.

The model UC864-G radio module that Telit is supplying to Two Technologies received an Original Equipment Grant from FCC on 05/22/2008. A Class II Permissive Change Grant for the model UC864G was issued by FCC on 03/01/2010.

A copy of the C2PC Letter submitted to FCC with the 03/01/2010 application for Class II Permissive Change is included with our application.

Two Technologies, Inc. will make no internal or external changes to the module manufactured by Telit Communications S.p.A. except for placing a label as required by the application. The label will contain the new FCC ID number RYJ-UC864G that we are requesting with the application for a Change of Identification.
