Overview

This application is for a class II permissive change to allow collocation of the Sparklan Communications WLAN radio module FCC ID: RYK-0685R04070 with Roving Network's Bluetooth USB adapter FCC ID: QQGBU2073J. These devices will be collocated in SonoSite, Inc.'s diagnostic ultrasound system. No modifications have been done to the radios.

No short term confidentiality requested.

Recommendation

All items have been resolved and completed to my satisfaction; therefore I recommend this application for approval.
