

Getting to Know Your Cricket® Ovation 2 Smartphone

Text and Picture Messaging

Send a text message
1. From the Home screen, tap **Messaging**.
2. Tap **+** to create a new message or start a new group chat.
3. Type your message and tap **➤** to send the message.

Send a picture message
1. From the Home screen, tap **Messaging**.
2. Tap **+** to create a new message or start a new group chat.
3. Tap **+** to add a picture, photo, or video to a message.
4. Tap **➤** to send the message.

Note: Please don't text and drive.

Setting Up Your Phone

1. Insert the SIM Card Tray Pin into the card tray slot and remove the SIM card tray.
2. Place the Nano SIM card and microSD card (Not included) into the tray.
3. Gently slide the card tray back into the slot.

Charge using the AC Adaptor

1. Connect one end of the data cable to the USB port located on the bottom of your phone.
2. Connect the other end to the power adaptor.
3. Connect the power adaptor to an electrical outlet to fully charge your phone.

WARNING!

To avoid damage to the phone, do not use any other (not Cricket) chargers. You can get a standard Nano SIM card from your service provider.

Email

Create and send an email message
1. Tap **+** from the inbox screen to compose a new message.
2. Enter the recipient(s) email address in the To field. To add picture files to a message, tap **+** to select a photo, or touch **+** to select photos or to add a voice message.
3. Enter the subject and content of your message. To add attachments, tap **+** to select **Attach file**.
4. Tap **➤** to send.

Note: To set up a corporate email account, contact your IT administrator.

Personalizing Your Screen

- **Set your wallpaper:** Press and hold an empty space on the Home screen and tap **Wallpapers**.
- **Set wallpaper:** Choose to set a wallpaper from the Home screen, Lock screen, or both.
- **Add apps and widgets:** 1. To add an app to the Home screen, swipe up from the bottom of the Home screen to access the Apps Home screen and add an app. 2. To add a widget, press and hold on an empty space on the Home screen and tap **Widgets**.
- **Use call waiting:** 1. While on a call, you will hear a tone if another call comes in. Swipe up to accept and place the current call on hold. 2. The caller will be sent to voicemail.
- **Check voicemail:** 1. From the Home screen, tap **Phone** > **Dialer**. 2. Press and hold the **1** key, then follow the prompts to set up your voicemail.
- **Use call waiting:** 1. While on a call, you will hear a tone if another call comes in. Swipe up to accept and place the current call on hold. 2. The caller will be sent to voicemail.
- **System navigation:** Switch between 3-button navigation (standard) or Gesture navigation.
- **Prevent ringing:** The ability to activate vibrate or mute when your phone rings. To prevent ringing, press the Volume Up key.

1. Press and hold the app, widget, or folder, then drag it over to the desired position and then release.
1. From the Home screen, press and hold an app, then drag it over to another app to create a folder.
2. Drag more apps to the folder to add them.
3. To rename or rename the folder, open the folder, tap the title bar, and enter the desired name.

Apps on Google Play™

1. From the Home screen, tap **App Store**.
2. Enter your Google™ account login or create one following the steps on the screen.
3. To install, tap the app and follow the instructions. Once installed, you will see a notification in the Notifications panel. Open the app from this notification or by looking it in the apps drawer.

Useful Features

- **Flashlight:** Swipe down from the Status bar to open the Quick Settings panel. Tap **Flashlight** to turn it on or off.
- **Battery Saver Mode:** Swipe down on the Status bar to open the Quick Settings panel. Tap **Battery Saver** to turn it on or off.
- **Data Saver:** Data Saver helps to reduce data usage by preventing apps from sending and receiving data in the background. To use Data Saver, go to **Settings** > **Network & Internet** > **Data Saver** to turn it on or off.

Note: A payment method such as Google Wallet is required to purchase apps.

Calls and Voicemail

- **HD Voice capable*:** Enjoy crystal-clear conversations.
- **Make a call:** 1. Make a call: Tap **Phone** from the Home screen and tap **Call**. 2. Enter the number using the dial pad, or choose a contact from the **Contacts**, **Recent**, or **Favorites** tab and tap the number to place the call.
- **Check voicemail:** 1. From the Home screen, tap **Phone** > **Dialer**. 2. Press and hold the **1** key, then follow the prompts to set up your voicemail.
- **Use call waiting:** 1. While on a call, you will hear a tone if another call comes in. Swipe up to accept and place the current call on hold. 2. The caller will be sent to voicemail.
- **System navigation:** Switch between 3-button navigation (standard) or Gesture navigation.
- **Prevent ringing:** The ability to activate vibrate or mute when your phone rings. To prevent ringing, press the Volume Up key.

1. Press and hold the app, widget, or folder, then drag it over to the desired position and then release.
1. From the Home screen, press and hold an app, then drag it over to another app to create a folder.
2. Drag more apps to the folder to add them.
3. To rename or rename the folder, open the folder, tap the title bar, and enter the desired name.

Create app folders

1. From the Home screen, press and hold an app, then drag it over to another app to create a folder.
2. Drag more apps to the folder to add them.
3. To name or rename the folder, open the folder, tap the title bar, and enter the desired name.

Your New Phone

Setting Up Your Phone

Install a SIM/microSD card*

1. Insert the SIM Card Tray Pin into the card tray slot and remove the SIM card tray.
2. Place the Nano SIM card and microSD card (Not included) into the tray.
3. Gently slide the card tray back into the slot.

Charge using the AC Adaptor

1. Connect one end of the data cable to the USB port located on the bottom of your phone.
2. Connect the other end to the power adaptor
3. Connect the power adaptor to an electrical outlet to fully charge your phone.

*WARNING!

To avoid damage to the phone, do not use any other kind of SIM card or any non-standard Nano SIM card cut from a SIM card. You can get a standard Nano SIM card from your service provider.

Connect Wi-Fi & Bluetooth

Connect to Wi-Fi Network

- Swipe up on the screen to unlock the screen.
- Use your fingertip to lightly tap the screen.
- Use quick flicks of your finger on the touch screen to swipe up, down, left and right.
- Spread two fingers apart or pinch them together on the screen to zoom in or out on a web page or Gallery image.
- To return to the previous screen, tap the Back key ◀.
- Tap the Home key ○ at any time to return to the main Home screen. Press and hold the Home key ○ to access Google Assistant.
- Tap the Recent apps key □ to access recently viewed apps.
- Swipe up from the bottom of the Home screen to access applications on your phone.

Personalizing Your Screen

Set your wallpaper

1. Press and hold an empty space on the Home screen and tap Wallpapers.
2. Select a wallpaper and tap Set wallpaper. Choose to set the wallpaper for the Home screen, Lock screen, or both.

Add apps and widgets

1. To add an app to the Home screen, swipe up from the bottom of the Home screen to access the Apps drawer. Press and hold an app, then drag it to any Home screen.
2. To add a widget, press and hold an empty space on the Home screen and tap Widgets.
3. Press and hold a widget, then drag it to the Home screen.

Organize your Home screens

1. To add an app to the Home screen, swipe up from the bottom of the Home screen to access the Apps drawer. Press and hold an app, then drag it to any Home screen.
2. Press and hold a widget, then drag it to the Home screen.

Calls and Voicemail

HD Voice capable*

Enjoy crystal-clear conversations.

Make a call

1. To make a call, tap Phone from the Home screen.
2. Enter the number using the dial pad, or choose a contact from the Contacts ★ tab and tap the Favorites ★ tab and tap the number to place the call.

Check voicemail

1. From the Home screen, tap Phone > Dialer.
2. Press and hold the 1 key, then follow the prompts to set up your voicemail.

Use call waiting

1. While on a call, you will hear a tone if another call comes in. Swipe up to accept and place the current call on hold, or swipe down to reject the call. The caller will be sent to voicemail.
2. Tap to merge calls or tap the other call to switch between active calls.

- To experience HD Voice, both callers must have a compatible HD Voice-capable smartphone and make the call over a compatible LTE network or a compatible network.
