29 March 2013

Dear Madam/Sir,

Re: Declaration

We would like to apply for the class II change of our product below that is already approved by FCC and IC in the past.

We would like to enlarge the approved conditions by adding new host platform since the conditions are changed to install this module to its host devices. Therefore we enclosed the additional SAR evaluation result to comply with applicable standards. However, we herein declare that there are no technical changes made on this module and RF characteristics remain the same as the approved conditions:

Product description: Wireless LAN Module

Type designation: WYSAAVDX7

Trademark: TAIYO YUDEN

FCC ID: RYYWYSAAVDX7

FRN Number: 0008738361

FCC Certificate No.: 11218400/AA/00

IC ID: 4389B-WYSAAVDX7

IC Certificate No.: 11217110/AA/00

Sincerely,

Mitsuo Takagi

Division Manager

INTEGRATED MODULE & DEVICE BUSINESS DIV.
