Re: Confidentiality Treatment request for Class II permissive change filing for FCC ID S2F-8560

Dear FCC:

As permitted under 47 CFR Section 0.457 and 47 CFR Section 0.459 and related rules of the FCC, KILPATRICK LLC and its affiliates ("KILPATRICK") request the following information be kept confidential on an indefinite basis:

- Operational Description

It contains highly confidential information about the technical design and interworkings of this KILPATRICK product. Specifically, anyone having access to this information would be able to understand how KILPATRICK designs this product. Like the other information, KILPATRICK only shares this with external parties under non-disclosure agreements. KILPATRICK also follows even more strict disclosure standards given the sensitivity of this information so that only those who genuinely need to know this information would have access. This product will be made available in the highly competitive consumer market for mobile devices. Any public disclosure would be detrimental to KILPATRICK's business by giving KILPATRICK's competitors unprecedeted access and knowledge to our technical specifications which would give them an unfair commercial advantage over KILPATRICK and its products and those competitors would unjustly gain knowledge based on all of our trial and error, time, resources and money KILPATRICK has expended in determining the best way to design and manufacture the KILPATRICK products.

If there are questions or concerns with this request, please contact me to discuss.

Warm regards,

A handwritten signature in blue ink that reads "Joanne Smith". The signature is fluid and cursive, with "Joanne" on the top line and "Smith" on the bottom line, both slightly slanted.

Joanne Smith
President
