Date of Original Email: 09/26/2006

Subject: audit

Per 2.962(f)(1), applications processed by TCBs must be accordance with FCC policies.

FCC/TCB policy is that grant frequency range is from center frequency of the lowest channel tested to center frequency of the highest channel tested; only center freqs are listed because emission designator field shows the bandwidth.

Please explain and/or revise grant freqs accordingly.

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal pursuant to Section 2.917(c).

DO NOT Reply to this email by using the Reply button. In order for your response to be processed expeditiously, you must upload your response via the Internet at [www.fcc.gov](http://www.fcc.gov), E-Filing, OET TCB Electronic Filing, TCB Login. If the response is submitted through Add Attachments, a message which informs the processing staff that a new exhibit has been submitted must also be submitted via Submit Correspondence. Also, please note that partial responses increase processing time and should not be submitted.

Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
