Dear Helen,

Attached please find the new User Manual and ID Label ("S2Y-MINIWLAN11B" is correct ID).

Thank you for your help.

Best regards,

Joe

Subject: Spectec Computer Co., Ltd., FCC ID: S2Y-MINIWLAN11B, Assessment
NO.: AN05T5116, Notice#1

Question #1: The FCC ID label and user manual show "S2YMINIWLAN11B" as FCC ID, however, the rest of documents as well as Form 731 indicate FCC ID is "S2Y-MINIWLAN11B", please clarify which one is correct and make necessary changes.

Question #2: The test report shows the test was done with 1-11 channels, but the user manual (page 11 of manual 1 & page 11 of manual 2) indicates the device uses channel 12 for ad-hoc and it supports 1-14 channels, please advise how the manufacturer prevents end users from using those channels that were not tested and/or not allowed in US.

Best Regards,
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be

directed to
the e-mail address listed below the name of the sender.
